

Technip Energies awarded a significant engineering contract for the North Field Production Sustainability Offshore Compression Project in Qatar

April 28, 2025

Technip Energies (PARIS:TE) has been awarded a significant ⁽¹⁾ Detailed Engineering Design contract by Larsen & Toubro Limited (L&T) Hydrocarbon Business (L&T Energy Hydrocarbon – LTEH) for the North Field Production Sustainability Offshore Compression Project (NFPS COMP 4) of QatarEnergy LNG, the world's premier LNG company.

Under this contract, Technip Energies, having completed the Front-End Engineering and Design (FEED) phase, will provide Detailed Engineering Design for two offshore compression complexes. Each will comprise large offshore platforms, flare platforms, interconnected bridges, and other associated structures.

Marco Villa, Chief Business Officer of Technip Energies, commented: *"We are pleased to be entrusted by L&T and QatarEnergy LNG for the Detailed Engineering Design of the NFPS COMP 4 project. This selection highlights the confidence and trust in our engineering expertise and Technip Energies' established capability to support Qatar's energy security, ambitious projects and objectives."*

(1) A "significant" award for Technip Energies is a contract award representing between €50 million and €250 million of revenue. This award was recorded in Q1 2025 in the Technology, Products & Services segment.

Forward-Looking Statements

This press release contains forward-looking statements that reflect Technip Energies' (the "Company") intentions, beliefs or current expectations and projections about the Company's future results of operations, anticipated revenues, earnings, cashflows, financial condition, liquidity, performance, prospects, anticipated growth, strategies and opportunities and the markets in which the Company operates. Forward-looking statements are often identified by the words "believe", "expect", "anticipate", "plan", "intend", "foresee", "should", "would", "could", "may", "estimate", "outlook", and similar expressions, including the negative thereof. The absence of these words, however, does not mean that the statements are not forward-looking. These forward-looking statements are based on the Company's current expectations, beliefs and assumptions concerning future developments and business conditions and their potential effect on the Company. While the Company believes that these forward-looking statements are

reasonable as and when made, there can be no assurance that future developments affecting the Company will be those that the Company anticipates.

All of the Company's forward-looking statements involve risks and uncertainties, some of which are significant or beyond the Company's control, and assumptions that could cause actual results to differ materially from the Company's historical experience and the Company's present expectations or projections. Should one or more of these risks or uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those set forth in the forward-looking statements.

For information regarding known material factors that could cause actual results to differ from projected results, please see the Company's risk factors set forth in the Company's 2024 Annual Financial Report filed on March 10, 2025, with the Dutch Autoriteit Financiële Markten (AFM) and the French Autorité des Marchés Financiers (AMF), which includes a discussion of factors that could affect the Company's future performance and the markets in which the Company operates.

Forward-looking statements involve inherent risks and uncertainties and speak only as of the date they are made. The Company undertakes no duty to and will not necessarily update any of the forward-looking statements in light of new information or future events, except to the extent required by applicable law.
